

COMPLIANCE AUDITS

Linebach ■ Funkhouser, Inc.
environmental compliance & consulting

Environmental Compliance at your facility – it has to be right.

Linebach ■ Funkhouser understands what it takes to keep a working facility in compliance and has the regulatory experience to make it happen for you.

Experience Matters.

LFI has extensive industrial experience and a team of environmental compliance specialists.

We have years of auditing experience at facilities ranging from small commercial operations, to large industrial plants, to waste treatment, storage, and disposal facilities.

Our audits are tailored to each specific facility and each specific situation.

LFI can help you evaluate compliance with...

- Air Quality and Permitting
- RCRA Waste Management
- Wastewater Management and Permitting
- Storm Water Management and Permitting
- SPCC Planning
- EPCRA Reporting
- Environmental Management Systems
- Hazard Communication

"I have worked with LFI for over 7 years. The staff has technical proficiency, thoroughness, and a tremendous knowledge of regulations and compliance. I have confidence in their project work and appreciate their creative and cost-effective ideas to solve problems."
